

BOARDS & ACCESSORIES FOR YOUR DOSIMETERS

A FULL RANGE OF BOARDS AND ACCESSORIES
TO MAKE DOSIMETRY EASIER AND NEATER

Effectively managing the dosimetric monitoring of workers exposed to ionising radiation involves optimising the ergonomics of everyday practices.

That is why IRSN's dosimetry laboratory supplies dosimeters boards and accessories to make these best practices simple and effective.

- ⊕ Boards designed to hold all types of IRSN dosimeters.
- ⊕ A range that is available in **3 sizes**, **2 colours (RED or WHITE)** and **2 shapes** to suit all situations, satisfy everyone and meet all requirements.

> Board for 39 dosimeters

> Board for 20 dosimeters (RPL shape)

> Board for 5 dosimeters (RPL shape)

> Board for 20 dosimeters
